

Breast Cancer Survivorship

The New Normal –Life After Cancer

For General Practitioners and Practice Nurses

Learning Objectives

1. Identify factors and behaviours indicating psychosocial distress associated with breast cancer survivorship and determine the patient's need for ongoing care
2. Discuss survivorship issues as they relate to individual breast cancer patients
3. Clear understanding of referral pathways to enable rapid re-entry into specialist care as required

Presenters:

Cheryl Murray – Breast Care Nurse, Northern Health
Clem Bayard Victorian Cancer Council HLAC Program
Dr Anne-Marie Daw – Clinical Psychologist, Northern Health
Adrienne Cavini – Oncology Social Work, Northern Health
Dr Emilia Greculescu – General Practitioner, Wallan Medical Centre
Consumer Representative from Northern Health
Mr Kian J Tan – Breast Surgeon, Northern Health
Dr Jo-An Seah – Medical Oncologist, Northern Health

Facilitated by Chair of Northern Health Breast Unit: Ms Wanda Stelmach
