LifeConnect is delivered by Neami National and funded by the Victorian Government, and the Australian Government through the PHN program.

Join us to launch and find out about our new service, *LifeConnect - Suicide Prevention and Support After Suicide*, delivered by Neami National.

Hear how our learnings from our suicide prevention trials informed the new service, and opportunities for health professionals, community members and people with lived experience to get involved.

After the official launch, speeches from EMPHN, Neami National and people with lived experience will follow before informal networking over morning tea.
