

# Non-operative management for hip and knee OA and referral criteria for specialist review

Join our informative session to enhance your understanding of the new State-wide referral criteria for patients with hip and knee osteoarthritis (OA). Explore the process of referring patients to Northern Health and gain insights into the Musculoskeletal Wellness Program, which includes web-based, face-to-face, and digital care pathways. Summarize the latest in non-operative management for hip and knee OA. This event is a must for healthcare professionals seeking to optimize patient care in musculoskeletal health.

#### Learning outcomes:

- understand new State-wide referral criteria
- describe process of referring patients with hip and knee OA to Northern Health
- summarise non-operative management of hip and knee OA
- identify relevant HealthPathways.

#### Speakers:

- Dr Juliette Gentle – Head of Unit, Orthopaedics Northern Health
- Rebecca Galea-O'Neill – Physio and Project Lead for Northern Health's Musculoskeletal Wellness Program
