

30 May 2018

Prenatal screening – what is available for my patient?

For GPs

There are multiple options for prenatal screening. This session will update you on what is available and when, so that you can inform and support patients in their decision-making.

Program

HealthPathways Melbourne demonstration

Dr Penny Gaskell, GP Medical Liaison Officer, Eastern Health

The truth about NIPT and some interesting cases

Dr Melody Menezes, Head Genetic Counsellor and Scientific Director, Monash Ultrasound for Women

Screening for preeclampsia and prevention with low-dose aspirin: Results of the ASPRE trial

Dr Daniel Rolnik, MFM Clinical Fellow (Monash Medical Centre, Research Fellow and auditor (Fetal Medicine Foundation, London UK)

Routine screening of fetal malformation at 11-14 weeks: Is the second trimester anatomy scan (20-22W) now a redundant test?

Dr Simon Meagher, Sonologist, Obstetrician Gynaecologist, Monash Ultrasound for Women.
