

Medication Assisted Treatment for Opioid Dependence (MATOD) for Victorian GPs 2020 Workshops

Register online 

Module 1 Online training

With the implementation of SafeScript Victorian Practitioners can now more readily identify patients receiving opioids and other high-risk medicines in high doses or combinations that may cause harm.

MATOD Module 1 focuses on evidence-based practice and consultation approaches that help

prevent, identify and manage problems arising from opioid prescribing.

This activity is an interactive two hour session presented by MATOD specialist GPs and is accredited for 4 Category 2 RACGP QI&CPD points for the 2020–22 triennium.

To access MATOD training visit [RACGP Victoria events page](https://www.racgp.org.au/education/courses/racgp-events/vic/)

For more information please call Kerriane Singleton on (03) 8699 0468

Module 1 workshops

Sunday 22nd March 2020

10am-12pm

Ibis Styles Sale
25-41 Princess Highway
Sale VIC 3850

Module 2 Part A and Part B

Upon completing Module 1 Practitioners can register for Module 2, which enables Victorian Practitioners to prescribe methadone or Suboxone to patients with opioid use disorder, as part of their treatment planning.

Eligibility criteria to attend this training:

- Completion of online Module 1
- Treating patients in Victoria
- Registered with AHPRA prior to registering for this session.

Module 2 (Part A) Online training

Module 2 is now delivered via a blended approach. On completion of Module 1, participants will undertake two hours of education online prior to attending the face-to-face workshop.

In the online education component participants will learn about opioid use disorder and the pharmacology of buprenorphine and methadone.

Module 2 (Part B) Face to face workshop

This four-hour interactive session of case based discussion is presented by MATOD specialist GPs.

Learning outcomes:

1. Assess patients presenting with problematic opioid use.
2. Outline the criteria for the diagnosis of Opioid Use Disorder
3. Address the legislative requirements relating to prescribing of buprenorphine and methadone.
4. Implement opioid and methadone prescribing as part of a broader Opioid Use Disorder management plan.
5. Describe MATOD related referral and support pathways.

Module 2 workshops

All workshops run from 9am to 1pm

Saturday 22nd February 2020

RACGP John Murtagh Centre
100 Wellington Parade
East Melbourne VIC 3002
