Advance Care Planning (ACP) Workshop – Level 1 Free One Day Workshop

Enhance your Advance Care Planning knowledge and increase your confidence in having these important conversations by attending the one day Level 1 ACP workshop.

Topics include:

- What is Advance Care Planning
- Benefits of Advance Care Planning
- The Medical Treatment Planning and Decisions Act
- Legal implications of Advance Care Planning
- CaLD and Advance Care Planning
- Advance Care Planning conversations
- Information on new Voluntary Assisted Dying Legislations Act 2017

Learning Outcomes

- Discuss Advance Care Planning with patients and their carers/families appropriately and clearly
- Source Advance Care Directives documentation
- Develop an approach to referring patients to Palliative Care Services
- Respond to requests from patients for information about or access to Voluntary Assisted Dying

Who should attend: Health professionals including doctors, nurses, social workers, allied health staff and care workers. This training is relevant to those working in acute health services, aged care, primary care and palliative care and community.

RACGP Activity Number: 162448. Allocated 13 Category 2 QI&CPD points for 2017-2019 Triennium. RACGP points accredited by NWMPHN.
