

Friday 14 September 2018

Eastern Melbourne PHN Annual Strategic Commissioning Planning Workshop

For Eastern Melbourne Primary Health Network stakeholders

EMPHN invests in a range of initiatives to make a difference in our priority areas including chronic disease, mental health, alcohol and other drugs, after-hours healthcare, digital health, Aboriginal and Torres Strait Islander health, immunisation and general practice support. As we enter our third year of strategic commissioning, this workshop aims to inform our strategic commissioning priorities over the coming three years.

Event overview

As a valued stakeholder of Eastern Melbourne PHN, you are invited to contribute to EMPHN's strategic commissioning approach and priorities over the next three years.

At the workshop, attendees will be provided with key information from EMPHN's Needs Assessment 2018-2021 to inform our strategic thinking around commissioning services to meet the health needs of our community, filling service gaps and delivering on policy objectives.

We look forward to our stakeholders adding rich and diverse perspectives from your work in our community in east and north-east Melbourne.

If you would like a representative to attend on your behalf, please forward this invitation to them to register.

The workshop will be facilitated by Luke Hockley of Midnight Sky.
