8:30am - 3:30pm

Arrive from 8am

## North East Metro Health Service Partnership Residential In-Reach Skills Day

A day for aged care staff who deliver clinical care to residents to attend a range of laboratory simulations and workshops delivered by expert geriatricians and experienced registered nurses, to upskill in managing common resident deterioration. This will be an interactive day and provide an opportunity to learn more about how the Residential In-Reach program (RIR) can offer care in place for your residents. Please complete the form via the QR code below to register.

Engage with current commercial providers in RIR space including Dementia Australia and Nursing Victoria Education.

Catering  
provided

### Session topics

- Catheter management and troubleshooting principles.
- Subcutaneous infusion management.
- Basic skin and wound management principles.
- Palliative care: deteriorating patient and end-of-life symptom management.
- Telehealth, Victorian Virtual Emergency Department & ISBAR Communication.
- Falls management and new guidelines.
