

Electronic Prescribing update

Preparing your general practice for Electronic Prescribing (EP)

A webinar for practice managers

Eastern Melbourne Primary Health Network (EMPHN) invites practice managers to an interactive session on electronic prescribing.

Join us for a live and interactive webinar, including Q&A. If you are unable to attend, a full recording will be available.

Learning outcomes

This webinar is designed to provide an overview of Electronic Prescribing (EP) and what practices will require to generate electronic prescriptions.

- Obtain an overview of EP in general practice
- An understanding of what your practice will need to be ready to start generating electronic prescriptions
- Develop a work flow process for your practice
- Use of a PDSA (Plan Do Study Act) and how EP can be incorporated into your Quality Improvement Activities
- Q & A
