

An Update on the Endocrine Effects of Some Gynaecological Disorders

GPs are invited to a clinical meeting on the assessment and management of:

- **Hirsutism – how to avoid missing a rare cause**
- **PCOS Diagnosis, Assessment, Treatment**
- **Bone Effects of Anorexia Nervosa and Treatment Options**

Speakers:

Dr. Kate Bate, *Endocrinologist, Austin Health*

Dr. Kiri Chan, *Gynaecologist, Austin Health, Monash Health, RWH, RCH.*

Learning Outcomes:

- Discuss the effects of anorexia nervosa (and other causes of functional hypothalamic amenorrhoea) on bone health and the management options, including what role does hormone replacement play
- Describe the clinical features that characterise polycystic ovarian syndrome
- Discuss current management options in polycystic ovarian syndrome
- Identify characteristics of women with hirsutism who require referral to a specialist.
