

Introducing eReferrals in Best Practice

Now live for all practices with HealthLink SmartForms – learn how to easily send electronic referrals to private specialists.

Event details

Join us to learn how easy it is to refer to all private specialists, electronic and manual, with one simple process. **The session will include a comprehensive demonstration using Best Practice and will be interactive where participants are encouraged to ask questions and raise any issues.**

Learning outcomes:

SR Specialists & Referrals:

- learn how to send an electronic referral to a private specialist using the SR HealthLink SmartForm
- learn how to easily include attachments in electronic referrals
- learn how to check the delivery status of referrals you have sent
- learn how to search for specialists by category and location
- learn how to identify and refer to specialists not yet setup for electronic referrals
- learn how to provide the specialists profile and contact details to your patient via email, making it easy for them to contact the specialist
- learn how to park referrals when interrupted or waiting for results and then return to update and send it later.

Guest speaker:

- **Eric Dunn**
SR Specialists and Referrals
