

3 April 2019

# Update: Diabetes management in the 21<sup>st</sup> century

*For GPs, practice nurses and allied health professionals*

This event will provide the most up-to-date information, latest research, findings from the recent scale up of IDEAS within community health and practical advice on the management of diabetes in general practice.

## Speakers

**Prof Chris Gilfillan**, Director of Endocrinology and General Medicine, Eastern Health

**Carina Martin**, General Manager Partnership & Service Development, Carrington Health

**GP Clinical Editor**, HealthPathways Melbourne

**Panel discussion**, working with general practice in team-based care

## Topics

- implications of recent cardiovascular endpoint trials in type 2 diabetes
- the changing paradigm of management of type 2 diabetes
- the impact of pre-diabetes
- new technology and its limitations in the management of type 1 and type 2 diabetes
- local outcomes – findings from the Integrated Diabetes Education and Assessment Service (IDEAS) within six community health sites.
