

26 October, 2017

Introduction to immunisation for general practice nurses

This webinar aims to provide general practice nurses with an overview of the Victorian and national immunisation program. It will cover the nurse's role in administering prescribed vaccines and outline resources available to support general practice with immunisation.

Qualified nurse immunisers are welcome to participate, but please note that this webinar is not aimed at nurse immunisers.

Presenter

Suzanne Gibson

Learning outcomes

- Outline the Victorian DHHS Immunisation Program and how it is administered in general practice
- Discuss the role of the nurse in administering prescribed immunisations
- Describe the difference between government and privately funded vaccines
- Outline the resources available to support general practice with immunisation
