

PIPQi is coming 1/8/19

Information sessions for practices that do not have POLAR data tool installed

For general practice teams

Event details

If your practice is accredited, does not currently have POLAR data tool installed and is wishing to apply for the Australian Government's new Quality Improvement Practice Incentive Payment starting on 1 August 2019, we are holding a number of POLAR information sessions at EMPHN.

We anticipate a large number of general practices will need our support to install POLAR GP software over the coming months, following the Australian Government's recent announcement regarding PIPQi.

For more information, please contact Barb Reppen on 9046 0354 or polar@emphn.org.au
