

27 and 28 August 2019  
5 September 2019

# PIP QI incentive workshops

## For general practice staff

This training workshop will provide participants with strategies for implementing quality improvement within their general practice.

### Facilitated by

Angela Heathcote, Facilitator – Redesign, EMPHN

This interactive session will provide participants with:

- an overview of the PIP QI requirements and what you need to do to ensure your practice is on track.
- guidance and resources to provide a useful starting point for general practice to implement continuous quality improvement
- how to use data to identify areas for improvement and measure improvement activities
- case studies and scenario-based training to assist participants to develop a quality improvement plan.

### Learning outcomes

Participants will be provided with practical strategies on how to:

- reach PIP QI criteria
- interpret data to measure improvement activities
- develop a quality improvement plan and practical steps for their practice.

**Please note:**

***This session is limited to one person per practice – a waitlist will be taken.***
