

HealthPathways Melbourne is a website with free, relevant and evidence based information on the assessment and management of common clinical conditions, including referral guidance.

HealthPathways Melbourne is developed by GPs, for general practice with input from specialists and other health professionals.

HEALTHPATHWAYS MELBOURNE AIMS TO:

- Enhance clinical knowledge and promote best practice care.
- Build collaboration and reduce fragmentation across the health service network.
- Reduce the number of patients referred to specialist care who could be managed in a primary/community care setting.

HEALTHPATHWAYS MELBOURNE HELPS GENERAL PRACTICE TO:

- Provide clear and concise medical advice.
- Rapidly identify the most appropriate referral pathways to a local specialist, allied health or other service.
- Contribute to quality improvement and accreditation practices.

Working to improve
the patient journey.
