

# IAR-DST training and networking dinner for GPs

Join us for a networking and training event. EMPHN will provide a light dinner and opportunity to talk to colleagues prior to the IAR-DST training session.

The Initial Assessment and Referral Decision Support Tool (IAR-DST) assists general practitioners and clinicians in recommending a level of care for a person seeking mental health support. [Find out more.](#)

A once off \$300 payment (excl. GST) is available for eligible GPs who complete the two-hour training.

The IAR-DST training is also an RACGP CPD Approved Activity for the triennium 2023-2026. (1.5 hours of education activity and 0.5 hours of reviewing performance).

Light dinner will be provided.

## DATE

Thursday 14 March 2024

## TIME

5pm: Light meal and networking  
6- 8pm: Training session

## VENUE

The Round, 379-399 Whitehorse Rd,  
Nunawading 3131

## REGISTER

[www.emphn.org.au/news-events/events/detail/23068](http://www.emphn.org.au/news-events/events/detail/23068)

## LEARNING OUTCOMES

- describe the development process of the IAR initiative
- describe 8 assessment domains of the IAR-DST
- differentiate between levels of care and determine mental health services matched against the levels of care
- apply the IAR guidance to use the decision support tool to generate a recommended level of care
- apply the principles related to clinical decision-making and consumer choice into practice.
