

Immunisation

Schedule update – Heidelberg

For GPs and nurses

The latest information on the most recent and upcoming changes to the Immunisation schedule Victoria including:

- Influenza update season 2016
- Re-introduction of DTP vaccine at 18 months of age
- Pneumococcal vaccines in adults – indications for 13vPCV & 23vPPV
- Zoster vaccination program commencing Nov 2016
- Expansion of ACIR towards Whole-of-Life register 2016-18
- Vaccine Adverse Event surveillance – active vs passive, & what your practice can do to help

Event overview

Presented by: Dr Peter Eizenberg
Director, Doctors of Ivanhoe; Executive Director, NEVDGP; Member, Influenza Specialist Group, Immunisation Coalition. Former member of several national immunisation committees.

Learning outcomes

- Explain the rationale for re-introduction of DTP vaccine at 18 months of age
- Interpret current recommendations for 13vPCV & 23vPPV Pneumococcal vaccines in adults
- Outline the rationale and eligibility criteria for NIP-funded Zoster vaccine program
- Outline the process for expansion of ACIR and important changes, both current and future
- Identify issues involved in vaccine Adverse Event surveillance and strategies that can be implemented at practice level

*This activity has been approved by the RACGP QI&CPD Program in the 2014 - 16 triennium.
4 Category 2 points – (Activity: 62209)*
