Introduction to the Coordinated Veterans Care (CVC) Program

For Practice Nurses and Staff

The Coordinated Veteran's Care Program (CVC) uses an individualized proactive outcome based multidisciplinary model of care to achieve patient outcomes aimed to improve client confidence in the management of their chronic health conditions and prevent unplanned hospital admissions. This webinar will outline the benefits and eligibility criteria of the CVC program and how the practice can coordinate ongoing care for the patient.

Presenter

Sue Keane

Learning outcomes

- Outline the purpose, benefits and eligibility of the coordinated veterans care program (CVC) program
- Outline the steps required and recommended tools for a GP and practice nurse in preparation to commence the CVC program
- Outline the role of the GP and nurse coordinator in ongoing patient care
- Explain CVC billing procedures and MBS items used
