2022 CPD Activity for GPs

Due to anticipated demand, early registration is strongly encouraged as seating is limited

Back to the Future: Hips, Spine & Pain

Thursday, 7th April 2022

@ Samsara Restaurant 5-7 Centreway, Mount Waverley VIC 3149

Agenda | 6.30pm Registration | 7.00-8.30pm Presentations

Mr Craig Donohue
Orthopaedic Surgeon

Buttock Pain – Is it the Hip or Spine?
Spino-pelvic mobility and hip replacement

Mr Ali Humadi
Orthopaedic Spine Surgeon

What can be done for patients with
back pain and sciatica?

Dr Andrew Teichtahl
Rheumatologist

Optimising Diagnostic Investigations
in Rheumatology – What's useful,
What's not?

Learning Objectives:

- Identify and assess common patterns of Hip and Spine pathology, how to differentiate between them. GP's will identify the optimal time to refer to Orthopaedic surgeons for assessment.
- Describing the latest advances in spinal surgery and technologies, including the use of the latest computer navigation in surgery and how these advances enhance patient outcomes.
- Discussing the most currently utilised diagnostic investigations for early rheumatoid arthritis, osteoporosis, polymyalgia rheumatica and non-specific pain syndromes and when it is appropriate to refer for consultant opinion, to maximize outcomes for patients.
