Mental ill-health and Co-occurring Issues Explored workshop series

**Thursday 11th & 18th
November
9am–12.30pm**

**Webinar link provided on registration
Registrations essential via
[Eventbrite Link](#)**

This workshop aims to provide health and community service providers with information and skills to assist them when working with various complexities. Participants will gain an improved understanding of how to approach and work with certain disorders and specific cohorts in relation to co-occurring mental ill-health, thus enhancing their confidence and service delivery.

The workshop is provided in 2 half-days covering a range of complexities including:

- Dual Diagnosis
- Homelessness and Mental illness
- Family Violence and Mental illness
- Gambling and Mental illness

Each mini workshop will include a topical presentation from an expert presenter, case based group discussion and opportunity for Q & A.

A recording of the webinar will be available on the EMHSCA webpage at <https://www.emphn.org.au/what-we-do/mental-health/eastern-mental-health-service-coordination-alliance-emhsca> following the event.
