

# Do you have arthritis, osteoporosis, fibromyalgia or another muscle, bone or joint condition?

## HAVE YOUR SAY

### MUSCLE, BONE & JOINT HEALTH CONSUMER FORUMS

MOVE muscle, bone & joint health is conducting consumer forums to determine what you really need to manage your condition in regards to:

- Health information
- Health services
- Other services

One in three Australians are affected by muscle, bone and joint conditions. Yet these conditions receive very little attention. We need your voice to help us change this. Help guide future investment in muscle, bone and joint research, advocacy and education.

### JOIN US
