

Mental ill-health & co-occurring issues explored workshop

This workshop is intended to provide health and community service providers with information and skills to work with various complexities.

This workshop is intended to provide health and community service providers with information and skills to assist them in their work with the complexity of collaborative care planning. It is hoped that participants will gain an improved understanding of how to approach and work with certain disorders and specific cohorts in relation to co-occurring mental ill-health, thus enhancing their confidence and service delivery.

Please register to attend and you will be provided with the event link and information. If you find later that you are unable to attend, please contact Bronwyn Williams via email bronwyn.williams@easternhealth.org.au

2 sessions available
9.30-11.30am 19 and 26 November.
