

PDSA: Increase the number of patients having a shared health summary uploaded to the My Health Record

Clinic:	Date:																				
Title:	Number:																				
<p>Goal: What is the overall goal you wish to achieve? Increase the number of patients who have a current Shared Health Summary (SHS) uploaded to their My Health Record. (MHR)</p>																					
<p>Idea: With an increase in the number of older patients attending the Clinic for vaccinations there is an opportunity to upload a new Shared Health Summary (SHS) to the patients My Health Record (MHR). Increase the number of patients with an updated SHS for this PIP Quarter by 100%</p>																					
<p>PLAN: Providers to upload a SHS to the MHR for all patients attending the practice for vaccinations.</p> <table border="1" style="width:100%; border-collapse: collapse;"> <thead> <tr> <th style="width:40%;">List the tasks necessary to complete this test (what)</th> <th style="width:20%;">Person responsible (who)</th> <th style="width:20%;">When</th> <th style="width:20%;">Where</th> </tr> </thead> <tbody> <tr> <td>Run a base line POLAR search to see how many SHS are being uploaded to the MHR (see attached)</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Registered Nurses Division 1, Medical Practitioners and Aboriginal and Torres Strait Islander health practitioners can upload to a Shared Health Summary to the MHR</td> <td></td> <td></td> <td></td> </tr> <tr> <td>In consultation with the patient attending for immunisation a SHS is uploaded to the MHR</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Run POLAR search monthly to monitor progress. (see attached)</td> <td></td> <td></td> <td></td> </tr> </tbody> </table>		List the tasks necessary to complete this test (what)	Person responsible (who)	When	Where	Run a base line POLAR search to see how many SHS are being uploaded to the MHR (see attached)				Registered Nurses Division 1, Medical Practitioners and Aboriginal and Torres Strait Islander health practitioners can upload to a Shared Health Summary to the MHR				In consultation with the patient attending for immunisation a SHS is uploaded to the MHR				Run POLAR search monthly to monitor progress. (see attached)			
List the tasks necessary to complete this test (what)	Person responsible (who)	When	Where																		
Run a base line POLAR search to see how many SHS are being uploaded to the MHR (see attached)																					
Registered Nurses Division 1, Medical Practitioners and Aboriginal and Torres Strait Islander health practitioners can upload to a Shared Health Summary to the MHR																					
In consultation with the patient attending for immunisation a SHS is uploaded to the MHR																					
Run POLAR search monthly to monitor progress. (see attached)																					
<p>3) What do you predict will happen? The number of Shared Health Summary uploads to the My Health Record will increase.</p>																					
<p>DO: Was the cycle carried out as planned? Yes No, if not why?</p>																					
<p>STUDY: Record, analyse and reflect on results. Did the results match your predictions?</p>																					
<p>ACT: Decide to Adopt, Adapt or Abandon.</p> <table border="1" style="width:100%; border-collapse: collapse;"> <thead> <tr> <th style="width:10%;"></th> <th style="width:15%;">Select</th> <th style="width:45%;"></th> <th style="width:30%;">Describe</th> </tr> </thead> <tbody> <tr> <td></td> <td>Adopt</td> <td>Select changes to implement on a larger scale and develop an implementation plan and plan for sustainability.</td> <td></td> </tr> <tr> <td></td> <td>Adapt</td> <td>Improve the change and continue testing plan. What will be next PDSA cycle?</td> <td></td> </tr> <tr> <td></td> <td>Abandon</td> <td>Discard this change idea and try a different one.</td> <td></td> </tr> </tbody> </table>			Select		Describe		Adopt	Select changes to implement on a larger scale and develop an implementation plan and plan for sustainability.			Adapt	Improve the change and continue testing plan. What will be next PDSA cycle?			Abandon	Discard this change idea and try a different one.					
	Select		Describe																		
	Adopt	Select changes to implement on a larger scale and develop an implementation plan and plan for sustainability.																			
	Adapt	Improve the change and continue testing plan. What will be next PDSA cycle?																			
	Abandon	Discard this change idea and try a different one.																			

Information taken from the ADHA website:

Who can create and upload?

Shared health summary

A shared health summary can only be authored/created by a patient's nominated healthcare provider (as defined in the My Health Records Act 2012). A nominated healthcare provider can be:

- a registered medical practitioner; or
- a registered nurse; or
- an Aboriginal and Torres Strait Islander health practitioner with a Cert IV in Aboriginal and/or Torres Strait Islander Primary Health Care.

Note: an enrolled nurse is not permitted by the Act to author/create a shared health summary. An enrolled nurse can create an event summary to share information about a significant clinical event, provided the enrolled nurse is providing healthcare to the patient.

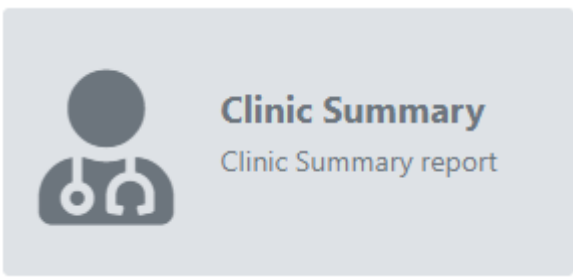

When to create?

Examples include:

When completing a patient health assessment (e.g. GP Management Plan, 75+ Assessment, child health check)

Significant changes to a patient's health status in any of the four key areas: patient's medical conditions, medicines, allergies/adverse reactions or immunisations.

The shared health summary should be created in consultation with the patient.

POLAR Shared Health Summary Uploads to the My Health Record	
<p>Log into POLAR and select Clinic Summary Report</p>	
<p>Select Patients then MHR</p>	
<p>You will be able to see the uploaded SHS by each PIP Quarter and the providers that are uploading.</p>
