## For clients

### Psychological Strategies (formerly known as ATAPS) – Child Mental Health (CMH) Service

#### What is the Child Mental Health Service?

Eastern Melbourne PHN's (EMPHN) Child Mental Health (CMH) Service is a short-term service for children and their families.

The CMH service offers:

- brief support (12 individual sessions);
- focused psychological strategies;
- parenting and family support work; and
- up to 12 group sessions in addition.

This service is provided free of charge.

#### Who is this service for?

To be eligible for referral to the CMH service, your child must meet the following criteria:

- be aged between 0-11 at the time of the referral;
- have a mental health diagnosis or be at risk of developing a mental health diagnosis;
- family cannot afford full fee counselling or a service gap fee for MBS Better Access subsidised counselling; and
- have not used the Medicare Benefits Schedule Better Access program in the current calendar year.

#### How to access the CMH service

- Book a long consultation with your GP to discuss your child's wellbeing concerns.
- Your GP will then develop a mental health treatment plan (MHTP) and complete EMPHN's referral form and the Strengths and Difficulties Questionnaire (SDQ). Your GP will then send these to our secure fax number.
- Once processed EMPHN will allocate your referral to a clinician in the community who will contact you for an appointment time.
