

Pain Medicine, Addiction Medicine, Psychiatry and General Practice: *Do great minds really think alike?*

An educational evening to discuss complex pain, addiction & psychiatry conundrums and crossovers.

Brief update on **SafeScript**, Victoria's **Real-Time Prescription Monitoring** system, by Dr Malcolm Dobbin, DHHS Senior Medical Advisor Alcohol and Drugs.

Speakers

- **Dr David Jacka** — Addiction Medicine Specialist, Monash Drug and Alcohol Centre
- **Dr John Monagle** — Pain Specialist, St John of God Hospital
- **Dr Malcolm Dobbin** — Senior Medical Advisor Alcohol and Drugs, Department of Health and Human Services

Case presentations will be provided by Dr David Jacka and Dr John Monagle.

Learning Outcomes

- Increase collaborative practice between Pain Specialists, Addiction Specialists, and General Practitioners
- Improve patient safety when prescribing opioids and other pain medications
- Improve management of patients who may have both pain and dependence issues
- Explain what SafeScript is, how it will operate and when it should be used by health professionals

Accreditation

Approved by the RACGP QI&CPD Program.
Activity ID: 135073 Total Points: 4 Category 2 points.
