

5 March 2019

POLAR

Training and new enhancements

A training opportunity for practice managers, practice nurses and general practitioners on how to use POLAR in your practice.

Event details

Jason Ferriggi and Shane Lowe from Outcome Health will be facilitating an interactive POLAR training session, it will include new features, a new report (HARP) and training, which will be suitable for all levels of users.

Bring your usability questions; we will be having interactive POLAR sessions throughout the morning.

Learning outcomes

Understanding the role of data tools in General Practice.

Be able to use POLAR to generate patient searches for:

- missing MBS opportunities such as Health Assessments, Care Plans and reviews
- implementing Quality Improvement activities
- data cleansing
- NEW: using risk stratification tools such as the HARP Report
- new features in the latest release
- meeting accreditation standards.

IF you would like to see something specific covered, please submit your questions when registering.
