

3 December 2019

# SafeScript: Tackling the difficult conversations

For GPs, pharmacists, practice teams, AOD workers and allied health professionals

SafeScript presents an opportunity to reduce harms associated with high-risk medications and to promote quality use of medicines. Join us to learn about how to support your patients and utilise this important clinical tool effectively. Case studies and role plays will help you develop strategies and techniques to appropriately manage patients at your practice and achieve optimal health outcomes.

## Presenters

### Dr Matthew Frei

Addiction Medicine Specialist, Clinical Director, Turning Point Treatment Services, Eastern Health

### Dr Anne Marie Diggins

General Practitioner Mentor, Area Four Pharmacotherapy Network

## Learning Outcomes

- utilise evidence-based techniques to elicit behavior change in patients identified through SafeScript
- apply strategies to have effective conversations with patients to address high-risk medication and/or substance misuse
- identify appropriate treatments of Opioid Use Disorder in the Primary Care Setting.
