28 February 2019

Strategic planning workshop

For practice managers

RACGP 5th edition Standards include a number of specific standards that directly reflect the need for practices to focus on quality improvement and strategic business planning. This event will cover key concepts and requirements within the new Standards with a focus on Core Standard 3, Criterion C3.1 -Business operation systems.

Sessions:

Business planning for practice management

Key concepts and requirements

- practice plans & setting goals to improve service
- evaluation of goal achievement
- business risk management & risk mitigation
- practice team feedback around QI systems
- use of data to improve performance

What is your business?

- key strategic issues
- assessing my situation
- developing my plan
- putting it all together
- Q & A

Presented by:

David Wenban, Director, Australian Health Industry Group*

Limited places

Open to practice managers working in accredited general practices within the EMPHN catchment.
