

Tuesday 14 November

Place-Based Suicide Prevention Trials

Inaugural Workshop (City of Maroondah)

Eastern Melbourne PHN (EMPHN) invites you to attend the inaugural workshop of the Place-Based Suicide Prevention Trials and contribute to creating a new future for suicide prevention in the City of Maroondah.

Suicide can be prevented. The loss of a life to suicide is a tragedy and has a lasting impact on individuals, families, communities and the nation.

Eastern Melbourne PHN has received Commonwealth Government Department of Health funding to develop, coordinate and establish a plan for how we can work together to prevent suicide across the City of Maroondah.

This workshop aims to gather together leaders and influencers from community groups, associations, sporting clubs, government, non-government, business, health, education, hospital, emergency responders, researchers, industry stakeholders, and consumers and carers to collectively identify the needs and actions required for the region in relation to suicide prevention.

This will be the first of a series of workshops which will engage community and services in a regional approach to suicide prevention planning and action. The outcomes of these events will inform a Suicide Prevention Action Plan.

Event Details

Date: Tuesday 14 November 2017

Venue: Karralyka Centre, Mines Road, Ringwood East

Time: Registration 9.30am
Workshop 10am to 3pm

Registration: <http://bit.ly/2wYHIEP>
