# Suicide Prevention Training in General Practice, for GPs

General Practitioners (GPs) are often the first point of contact for patients experiencing suicidal thoughts and play a vital role in identifying and supporting people in distress.

Wesley LifeForce and UnitingCare Regen's presentation of this training supports Eastern Melbourne PHN's Place-Based Suicide Prevention trial in the City of Whittlesea.

## Event overview

With a 20 year history of suicide prevention support to the Australian community, Wesley LifeForce offers training that is developed from evidence-based expertise in the Australian Community and with input from Australian GPs.

This training will equip you with leading methodology and strategies in suicide prevention and intervention and will:

- Provide a greater understanding of risk assessment, suicide prevention intervention strategies and patient support and management.
- Demonstrate a strategy to provide assistance to a patient who may be considering suicide, understanding the time constraints of general practice consultations
