

Supporting the Bereaved and Grieving

Banksia's comprehensive 1-day short course provides all attendees with greater understanding and skills to support people who are bereaved and experiencing grief.

Delivered by a qualified Grief Counsellor, this is high level information which is relevant for Division 1 and 2 Registered Nurses, personal care attendants, Aged Care Facility staff, allied health care professionals and any person with an interest in gaining these specific skills and knowledge.

Topics covered include:

- *Grief and bereavement theories.*
- *Common grief behaviours and reactions.*
- *Strategies for supporting people who are grieving.*
- *Grief and bereavement services and supports.*
- *Self-care strategies for practitioners.*

The course is conducted biannually at Banksia's Heidelberg office (Melbourne), however will be presented at alternative venues if requested (conditions apply).
