

## Suicide prevention, intervention and reporting

Relationship Counsellors

# Wesley LifeForce Suicide Prevention training workshop

## Designed to meet the CPD needs of relevant professional associations

With a history of suicide prevention support to the Australian community, Wesley LifeForce offers training that is developed from evidence-based expertise in the Australian community and by Australian healthcare professionals.

### Tailored for Relationship Counsellors

Counsellors are a key support for people dealing with significant life changes and mental health conditions such as depression. While counsellors already have an understanding of the risk factors of suicide, its prevalence in our community makes it important that you stay informed by current thinking.

### Refresh your skills

To keep abreast of new developments, our specialised programs are regularly reviewed by our national Advisory Board, consisting of leading Australian researchers and practitioners in the field.

- comprehensive, 4 hour tailored suicide prevention workshop
- support to refresh your skills and further develop intervention techniques and strategies
- our program embraces the latest data and research
