Live now via HealthLink No additional Practice setup required

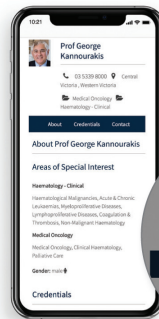

- + For all referrals – electronic & manual
- + Less referral steps saving you time
- + Free to send e-referrals and free for specialists to register and receive e-referrals

HealthLink, Australia's largest Secure Messaging network, together with the professional Medical Specialists Directory is making e-referrals a reality to the benefit of all GPs and Specialists.

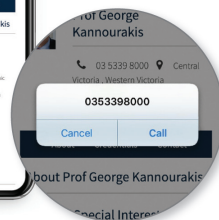

Helpful Features

- 1 Red e-refer button for specialists e-refer locations
- 2 Grey manual refer button – to create referral form and print/fax & give to patient
- 3 Refine search by suburb, postcode or nearby suburbs
- 4 Refine by specialists that have Urgent Appointments available
- 5 Related short-cut category links on sidebar
- 6 View Specialist Profiles to see relevant services for your patient

Optional – email the specialist's profile to your patient, helping your patient to book their appointment.
