

Insert document title

**Step 3**

Select the Cervical Screening (QIM 9)

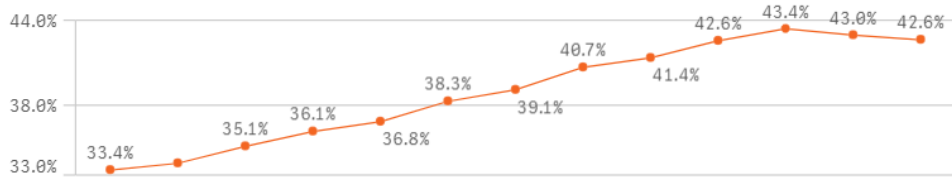

To get the list of patients who have not had their cervical screening completed select the orange Click to select Patients then select the Patient List to export to excel.

QIM\_9 - Cervical Screening

QIM\_9 - Proportion of regular female clients with an up-to-date cervical screening test record in their GP record within the previous 5 years

Use this button to select patients that did not satisfy this Quality Improvement Measure (QIM)  
**Click to select patients**

**Numerator:**  
RACGP Active and Software Active patients  
Aged from 25 to under 75  
Female  
Have not had a hysterectomy  
Not excluded from recalls

**Denominator:**  
RACGP Active and Software Active patients  
Aged from 25 to under 75  
Female  
Have not had a hysterectomy  
Not excluded from recalls

**Note:** If a practice uses a billing/clinical system combination not supported by POLAR we use the equivalent number of progress note entries to calculate RACGP Active (3 or more visits in the last 2 years)
