

EMPHN Aged Care Virtual Communities of Practice

Quarterly sessions supporting shared learning, local connections and coordinated care.

Online
Multiple Sessions

Strong participation in EMPHN's recent Aged Care Collaborative Sessions highlighted a shared commitment to improving coordination and collaboration across aged care services.

Building on this momentum, EMPHN is launching three, region-based quarterly Aged Care Communities of Practice (CoP). These will support ongoing collaboration and shared learning.

WHAT TO EXPECT

These sessions will:

- Focus on priority topics identified by participants
- Enable peer-learning, shared problem-solving and resource sharing
- Maintain a strong focus on multidisciplinary collaboration
